SUBJECT:

Your Address to the American Society for
Industrial Security - 15 September 1982

1. In support of your appearance before the American Society for Industrial Security on 15 September 1982, the attached materials have been drawn together for your use.

2. They have requested you address the group concerning the issue of U.S. Government controls on technology transfer. As you have given this pitch several times in the past year, the attached talking points previously prepared for you by [REDACTED] of OSWR and supplemental papers on the issue are only intended to serve as a broad outline for you. Some of these materials are classified--your speech however will be to an uncleared audience.
